

Dr. Jeremy Hosein is a board-certified neurosurgeon, White House Fellow, and proud graduate of the University of Nebraska Medical Center. A lifelong Nebraskan, he has built his career on excellence, service, and integrity.

Jeremy is the only candidate in this race who has already served as a Student Regent, giving him direct experience balancing a \$2.3 billion university budget, advocating for students, and holding the line on tuition.

His career has spanned the operating room and the policy arena: advising Nebraska governors and the U.S. Secretary of Health and Human Services, leading health policy reforms at the national level, and serving Nebraska families through advanced neurosurgical care.

He and his wife, Dr. Dawn Hosein, live in Lincoln with their three children.
